Word has been received here of the

recent marriage of Miss Della Skinner and Miss Evaline Skinner at Kay Coe, northwest Wyoming. Miss Della Skinner was married to Will Elridge, a ranchman, and Miss Evaline Skinner was married to John Elbert, also a ranchman. A double wedding was held. The young women are daughters of Mrs. George Skinner, just north of Topeka on the Rochester road, and nieces of J. H. Skinner, a well known nurseryman of Shore. The brides have been teaching school at Kay Coe. They are well known on the North side and were very popular. Mrs. Elridge formerly worked at the Shawnee State bank. She had considerable musical talent.

Notes and Personals.

Mrs. J. E. McDaniels is visiting in Havensville.

John Hastings of Grantville is a North side visitor today. He predicts a good fruit crop.

Charles Gertlesen, agent at the Santa Fe Junction depot, is off duty on account of illness. He is suffering from an attack of grip.

Frank Billings of Grantville is a visitor in North Topeka today. He says that he thinks the early season is in the ground from the frequent snows of this winter to insure a wheat crop whether any rain falls or not.

Three North side girls who are "bitching" today averaged up their board bill. None spent more than 95 cents for a week's eating and lodging. Encouraging for matrimony inclined in these days of high cost of living.

Mr. and Mrs. Ehrhart, who have been living in St. Joe, have located at 808 North Jackson street. Mr. Ehrhart is a railroad man.

## DECIDE NEXT SATURDAY

Republican Committee to Then Agree on Selection of Delegates.

Dr. L. A. Ryder, chairman of the Shawnee county Republican committee, will call the committee for a meeting at the National hotel Saturday afternoon to determine the manner in which delegates shall be selected to the county convention and to the state and congressional conventions. At this committee meeting the presidential primary question will be discussed. The Shawnee county committee is in favor of the caucus system of naming county convention delegates.

The committee will then agree on the manner of selecting delegates with the county committee. The county committee will then either call for a primary to select delegates or a caucus system.

## S. T. HOWE IS ILL. WELLS CASE IS ARGUED

Tax Commissioner Suffering From Acute Indigestion.

Samuel T. Howe, chairman of the State Tax commission, is seriously ill from an attack of acute indigestion at his home in Topeka. Mr. Howe has been in the hospital for the past two weeks looking over railroad properties for valuation purposes. The commissioners were snowed out of the north part of the state last week and had to go back to Kansas City to take a fresh start. They went out northwest over the Missouri Pacific lines the day after the snow storm. Howe was taken ill at Barnes, Washington county and had to return home to Topeka last Sunday.

He has been ill ever since and the attack of indigestion has not yielded to treatment, but rather complications have set in that make his illness serious. Word received at the office of the tax commission today was to the effect that Mr. Howe had spent a bad night last night.

It is believed his condition is due to gall stones.

## MAINE STAYS DRY.

Legislature Defeats Proposed Local Option Amendment.

Tisdale, Man., March 23.—John Wannamaker, who was brought to a Prince Albert hospital today, lived for seven days in a hole he dug in a straw stack on the open prairie, subsisting only on grains of oats which he managed to shake from the frozen straw. He was taken to quench his thirst only on the snow.

Wannamaker left Prince Albert to tramp to Crooked River and arriving there he dug a hole in the snow and a straw stack to spend the night. The next morning his feet were frozen so badly that he could not proceed. It was seventeen days before help came.

## MAINE STAYS DRY.

Legislature Defeats Proposed Local Option Amendment.

Augusta, March 23.—The legislature today defeated the proposed amendment to the Maine constitution to allow local option. The amendment was passed by a vote of 10 to 9 in the house and 10 to 9 in the senate. The amendment would have permitted the manufacture or sale of intoxicating liquor in all the cities and in such towns as accept the amendment. The Democratic majority in the house failed to muster the necessary two-thirds affirmative vote on the final passage of the resolve and it was not carried.

## UNION MEN PASS VOTE THANKS.

Pleased With "Eyes That See Not" Shown at Auditorium.

Manager Lew Nathanson, of the Cozy and Best theaters, is in receipt of a complimentary letter from the I. O. E. W., the local Electrical Workers' union. It is in the form of a resolution from the order, pledging the heart, support of that body to those theaters in appreciation for the picture shown at the Auditorium last Thursday night.

This picture, "Eyes That See Not," was an exceptionally strong picture story and appealed particularly to the laboring man. It portrayed the fireman's accident in a mine owner's mill which crippled him for life. His accident, however, was instrumental in bringing a closer understanding between mine owner and laboring people and resulted in justice for the cause he championed. During the performance at which this picture was shown, the audience cheered heartily when the State Employees' union emblem was thrown on the screen.

## FIRST TALK OF TRIP.

Is Made by Colonel Roosevelt at Dover, N. H.

Portland, Me., March 22.—Theodore Roosevelt, who arrived today at a speech tonight, gave the first talk of his New England trip at Dover, N. H., where his train stopped a few moments. "Seems to me that what I preach to you in New Hampshire is being accomplished by Governor Bass," he said. "The progressive movement means to apply courage and common sense in order to decide whether you intend to rule yourselves or to have other people rule you. It is up to you to decide," Mr. Roosevelt said. "The people rule themselves must exercise self control. And I believe the American people are not only able to govern themselves but to govern themselves well," he said, in closing.

The speech was made to a crowd near the station. Judge B. L. Lacey of Denver, who traveled part of the way from Boston with Mr. Roosevelt, urged him to visit Nebraska and other states not included in the itinerary of next week's trip.

Mr. Roosevelt took the matter under advisement.

Two unhappy wives this morning walked to the court house through a heavy snowstorm that they might secure separation papers from unfaithful husbands. It was a light day for divorce business, each division of the district court granting one decree.

Zoe Tipton, a trained nurse, young and good looking, told Judge Whitcomb that her husband, W. E. Tipton, sent her home after seven months of married life. Further than this "Tipton told his wife he did not love her, didn't want her to come back and that if she got a divorce, it would relieve him of the trouble and expense. So far as the young bride knew, that was all the trouble that ever existed."

Tipton, she said, refused to work after his marriage and the burden of paying the grocery bills and rent fell on her. As a trained nurse, Mrs. Tipton earned \$25 a week. In November she became sick. Tipton sent her to St. Joe and told her not to come back.

To Judge Dana Maude Mitchell said that George Mitchell was cruel and abusive and failed to provide for her. She believed she had lived with Mitchell as his wife and that he had treated her well and asked for freedom. She was given a divorce.

## WELLS CASE IS ARGUED

Judge Whitcomb to Decide Quarrel Over Estate.

Today Whitcomb today heard arguments on a demurrer in the Sawyer-Melvin-Wells case, involving \$25,000 in claims against the wealthy Topeka woman. Final decision in the case will not be made until sometime next week.

Julia A. Melvin-Wells, the defendant in the action, was formerly a real estate agent. In this capacity she sold Dr. Kahl, of McPherson, several tracts of land. Following the death of Dr. Kahl, the heirs brought action to set aside the deeds and to recover from Mrs. Melvin the money obtained in the sale.

The demurrer was filed by attorney for the defense, who contended that the plaintiff's petition is inconsistent in that it asked to have the validity of the Kahl will upheld and to set aside deeds executed at the same time.

## GOT LITTLE IN RETURN

Witnesses Testify Regarding Investments in Lewis Concerns.

St. Louis, March 23.—Witnesses testified in the trial of E. G. Lewis in the federal court on charges of using the mails to defraud that they invested in the Lewis properties by reading advertisements in the Lewis papers and had received little if anything in return.

W. H. Zieck of Appleton, Wis., testified he sent \$100 and received in return \$50 stock certificates and a six percent note of the University Heights company. Mrs. Lucy Miller of Fayette, Ark., said she invested \$500, and Mrs. Fred W. Fox of Rochester, N. Y., identified circulars circulated through the mails to exploit the Lewis enterprises.

The three men ran, but two of them giving the names of Charles Hamilton of Omaha and Thomas E. Kelly of Joplin, were captured.

Three Men Attempt to Rob a Man in Daylight.

Kansas City, March 23.—Three men made an unsuccessful attempt to hold up an unsuspecting traveler, to hold up Dionysios Yrakaris, a wealthy Greek, in broad daylight in the postoffice building here today. As Yrakaris started through the turnstile door, two men stepped into the same section and attacked him, while a confederate held the door fast. The robbers were forced to release their intended victim when his cries brought assistance.

The three men ran, but two of them giving the names of Charles Hamilton of Omaha and Thomas E. Kelly of Joplin, were captured.

## STATE LAW UPHOLD.

Indiana Can Exclude Foodstuffs Containing Benzate of Soda.

Indianapolis, March 23.—The right of Indiana to prohibit the sale of preserved foodstuffs containing benzate of soda, today was upheld in a report to the federal court of the federal judge, Edward Daniels, master in chancery. In a suit against the state board of health the Williams Brothers' company of Detroit, Mich., and the Curtis Brothers company of Rochester, N. Y., argued that benzate of soda was harmless in small amounts.

We wish to express our sincere thanks for the sympathy and kindly assistance rendered us by our friends and neighbors during the recent bereavement of our husband, father and brother and for the many beautiful floral offerings. Respectfully, MRS. ROBERT MITCHELL AND FAMILY AND MRS. MITCHELL.

## Helping Hand.

Wants Newspaper Directory.

"I should like to get a copy of the American Newspaper Annual and Directory, if any of your readers have an old one to spare."

Passed on to friendly readers who may be able to fill the want of the perplexed applicant.

Artist Seeks Designs.

"Are there any artists in the Helping Hand corner who are conventional or other designs they do not need any more, or back numbers of the Keramic Studio? I cannot afford to buy this magazine. I have knowledge of china painting, so I should like designs very much."

"I have a pair of common sense ear drums to give to some one who is slightly deaf. They would not help any one who is quite deaf. Pay charges for sending the drums, also for designs or magazines."

Next to the literary and newspaper guild (and perhaps upon a level with it), the artist brotherhood stands above all other classes of life workers in practical assistance. What loving kindness means when one of their fellows is in distress. I put these two professions in the front rank of self-sacrificing love for the brethren. I could write for hours without exhausting the subject. I refer the request of "A. D. R." to them.

The ear drums will be gladly received by some one who is "slightly deaf."

Seeks Brace for Child.

"I was especially anxious to hear from 'L. I.' as she stated she had a brace for a child about two years old. Perhaps I shall be able to secure such from one of the others. I am truly thankful to you."

The application for the child's brace is submitted to the family. That tendered by "L. I." has been disposed of.

Ambitious to Play.

"I did so long for one of those mandolins! For that matter, I should be only too happy to get any instrument that I could, in time and by hard work, learn to play. I am that little girl you got, anything in music you will never know how grateful I am to you."

"I have a good hip brace that I have outgrown. It will fit a child from 6 to 8 years old. I shall gladly give it to some one who wants it."

It is good to learn that you have outgrown that brace. We hope that means that you have also discarded the crutches and are growing into a healthy, normal girl.

We must cast about us for some manner of musical instrument for you, now that you can work hard to learn how to use it. If we had had twenty mandolins instead of two we should not have one left for you by now."

## Message of Gratitude.

"I am in receipt of your letter and the money enclosed by my stranger friend. I thank you both from my heart. I shall use the money for the purpose for which it was given—a subscription to a magazine. There is a little magazine I have long wanted for my children, but which I could not afford to buy. Now the darlings shall have it. I wonder if you could give me the name of the donor? You do not mention it in your letter."

"All the magazines I receive I pass along to my neighbors. They, like ourselves, like good reading matter, but few about make ends meet. They join me in thanking the Corner for the good magazines that have been sent."
